

# Solo, Our City

*Understanding our city, developing Surakarta*

**Let's develop our neighborhood!**

**Read It**

**Discuss It**

**Understand It**

**Plan It**

This Mini Atlas collects information about the neighborhood so that everyone can see and know what is going on. Information can help people discuss and prioritize what they want to ask from the annual participatory budgeting process, the *musrenbang*. The Mini Atlas also makes citizens more informed about their communities. UN HABITAT, local government, UNS, and facilitators worked together with community members to make this Mini Atlas.
